New Business - Updates

a. Letter of support to Greeley City Council – Follow-up - Van Soest was not present so Patterson gave an update based on his attendance at the most recent CTAB meeting. CTAB feels that the process for giving input to the Greeley City Council is not clear and is looking into the best avenues for being a pro-active board to the City Council.

b. Riders Guide – Warring discussed distribution of riders guide and goal to keep all members as well as a wide group of transit and human service providers stocked with a good supply of guides.

**6. Council Member Reports**

Patterson – Eric Bracke, Greeley City Engineer, gave a presentation on the relationship of Health and Transportation. Patterson believes the WCMC would benefit from a presentation from Eric on this subject. WCMC agreed and would like to invite Eric to the August meeting to present. Also, GET just completed a bus-stop inventory project which provides the basis for spending ARRA funds. A consultant will be hired to assist with a prioritization of spending for stop improvements.

Taylor – Connections move will be complete June 1<sup>st</sup>.

Johnson – Recently traveled to central America and traveled on the Panama canal – wonderful experience.

**7. Adjournment** – Meeting adjourned at 3:30 pm

**Next Meeting:**

**Tuesday – June 28, 2011**
